EUROPEAN VOCATIONAL SKILLS WEEK

European Vocational Skills Week is an annual initiative of the European Commission to raise awareness of the benefits of vocational education and training (VET). The motto of the initiative is **Discover Your Talent!**

The theme of the campaign this year is **VET for Green and Digital Transitions**, in line with the Commission's priorities on a European Green Deal and a Europe fit for the digital age. With the coronavirus pandemic having seriously disrupted all forms of education and training, there is an opportunity to take a fresh approach to VET, making it more modern, attractive, flexible and relevant.

In 2020, the Week takes place from 9 to 13 November in Berlin (partly in-person, partly on-line). There will also be events/activities throughout the year at local, regional and national level in the 27 EU Member States, EFTA and EU candidate countries, as well as projects supported by the European Training Foundation.

These events/activities – many of them online due to COVID-19 restrictions – will showcase the immense opportunities that VET offers young people, adults, companies, and other stakeholders. Every person, regardless of age or background, has talent. VET can provide them with the practical skills, knowledge and competences they need to succeed in the job market and in society.

BEST PRACTICES OF EUROPEAN VET PROGRAMS IN CYPRUS: TOWARDS A SUSTAINABLE SOCIAL INNOVATION IN TIMES OF PANDEMIC

The event '**Best practices of the European VET programs in Cyprus: Towards a sustainable social innovation in times of pandemic**' is taking place as part of the **European Vocational Skills Week 2020**.

? WHY VET?

Discover your potential

Let VET help you discover your unique talents! VET offers a huge range of opportunities and benefits, and can open up new, unexpected possibilities for the future.

Valuable qualifications

VET will help improve your prospects, with qualifications that are valuable to employers and recognised across industries. It will improve employability and lead to high-quality jobs.

Opportunities for adult learners as well as young people

If you are an adult learner, VET offers countless opportunities to pursue an interesting, challenging career. Learning throughout life helps increase your employability, develop your personal skills and boost your social opportunities.

Real-world skills

VET opportunities are responsive to job markets and can be targeted to address skills shortages and bottlenecks. Genuine skills shortages in the EU currently range from plumbers to nursing professionals, accountants to web developers. VET can equip you with skills in these fields that increase your employability and at the same time foster wider economic growth. You can be sure the skills you learn during your VET experience will be valuable, both personally and professionally.
